

CHISTI HASANAIN Z

React.js Developer with hands-on experience in building responsive web applications using React.js, JavaScript, and Tailwind CSS. Skilled in API integration, routing, component-based architecture, and state management. Currently learning backend technologies like Node.js, Express.js, and MongoDB to become a MERN Stack Developer. Looking for an opportunity to grow and gain real-world development experience.

EDUCATION

Government Engineering College Modasa

Bachelor of Engineering(Computer)

2020 - 2025

Makhdum High School

Science

2018 - 2020

PROJECTS

1. FoodDelivery WEbsite [🔗](#)

- Dynamic menu browsing with real-time API integration
- State management implemented using Redux.
- Smooth cart flow, and pricing logic.
- Fully responsive UI with Tailwind CSS.

2. Smart Resume Analyzer (Mern Stack)

- Built REST APIs using Node.js & Express
- Integrated MongoDB to store user analysis history
- Implemented file upload using Multer
- Parsed PDF resumes using pdf-parse
- Integrated Gemini API for AI-based suggestions
- Designed skill matching logic and scoring system

SKILLS

Language: C, C++, JavaScript

Frontend :React.js, TailwindCss, Html, Css, Redux, Router, Api Integration

Backend :Node.js(Basic), Express.js(Basic) , MongoDB (Basic)

Tools : Github , VScode , Postman(Basic)

Concepts: Data Structures , Algorithmes , Oop, Responsive web design

CERTIFICATE

Mern Stack developement

Worked with MERN Stack (MongoDB, Express.js, React.js, Node.js) to build full-stack web applications. Developed REST APIs, handled frontend state, integrated backend services, and managed database operations.

C Language

Practiced fundamental programming and problem-solving using C Language.

C++ & Dsa

Learned object-oriented programming and standard data structures to write efficient code. Gained hands-on experience with algorithms and problem-solving techniques for optimized Solutions
